

Fire System Consulting Plus, Inc

Fire Pump Flow Testing

FSCP is a Third Party Fire System Inspection Testing Company so there is no conflict of interest.

It is our goal to do whatever we can to make sure your fire pump will pass every year !!!

- ✓ FSCP uses only top quality equipment.
- ✓ Pump tests performed practically "Anywhere" including tight alleyways
- ✓ Uses a quarter of the water labeling this unit "GREEN"

We additionally provide code complaint fire hydrant inspection testing and flushing.

FSCP Consulting Services:

NEVER take advice from anyone who could financially gain from it.....

FSCP is a third party life safety and fire system consulting company. Our goal is to protect property owners from being misled or overpaying for fire system services.

FSCP will provide:

- Building life safety consulting services.
- Developing in-house programs protecting fixed life safety fire systems.
- Training on-site personnel in proper procedures in maintaining installed fire systems reducing the need for outsourcing.
- Creating code compliant life safety fire system onsite record books.
- Research fire system deficiencies to determine if repairs are required or needed.
- Solicit competitive pricing on fire system installations, service and repair
- Develop scopes of work for fire system modifications to eliminate costly field change orders
- Free telephone support
- Prince Georges County and Washington DC third party fire system inspector

Please allow us to help you maintain your building safely. Our services could save you up to "TEN" times our fees. Please call us today !!!
